Summarized Sample Acceptance Policy Requirements:

- Proper, full, and completed chain-of-custody documentation
- Legible unique sample container identification written in indelible ink
- Appropriate sample container
- Enough sample to perform the requested tests
- Received within required holding time, where applicable
- Received within temperature preservation requirements, when necessary
- Sample containers received in good condition (not leaking or broken)
- Custody seals, when used, are intact
- Properly preserved, when required

A data qualifier and/or case narrative will be added to the final test report when the above sample acceptance requirements are not met. Full location Specific Sample Acceptance Policy is available from your Project Manager.

**\*Required field:** Failure to fill in a required field may result in a sample(s) being put on hold until information can be obtained. This may result in a delay in receiving results.
