

# HERBICIDE TEST METHODS

HERBICIDE METHODS	DESCRIPTION	INSTRUMENTATION
ezHerbicide®	using LC-MS/MS with EPA Method 8321b as a guideline this method offers more efficient residue analysis process	Liquid Chromatography-Mass Spectrometry (LC-MSMS) /Mass Spectrometry
SWA 846 8151	Chlorinated Herbicides	Capillary Gas Chromatographic (GC)
EPA Test Method 615	Chlorinated Herbicides	Gas Chromatographic (GC)
EPA Test Method 515	Chlorinated Herbicides in Drinking Water	Gas Chromatographic (GC)
